WELCOME

We are delighted your adventures have led you to our campground! Well, we say campground, but we like to think of what we have here as something of a mountain garden paradise where resort hospitality is combined with the best of outdoor living. We love challenging the idea that rugged and resort do not mix. So fill your lungs with fresh mountain air and fix your eyes on the beauty of glacier carved peaks. Get your cameras ready and lace up those hiking boots. Your adventure begins now!

HISTORY

Construction of the West Glacier KOA Resort campground began in 1972 by the Ringo family. Before ever opening, the Moomall family took ownership and welcomed the first guests in 1974. The Moomalls operated the campground until 1976 when they sold it to Bud and Norma McClure. At that time there were 110 sites along with the classic KOA A-Frame store. Water was hauled from a nearby creek and the sites cost \$4 a night. Bud and Norma slowly improved the campground by putting in wells, connecting water and sewer to RV sites, and adding camping cabins. In 1990, Bud and Norma brought on their son, Greg McClure and his wife Theresa, to help with improvements that included adding 32 more RV sites and 5 more camping cabins. In 1992, Greg and Theresa took ownership and this was also the first year to receive KOA's Campground of the Year. Around the turn of the century, Greg and Theresa added the playground area and first pool. Major expansions in 2010 added deluxe cabins, more RV sites, and a remodel of Tucker Lodge.

In 2012, Greg and Theresa bought additional acreage to the east and began a major expansion adding 51 RV sites, 8 deluxe cabins, a bathhouse, and a family pool completed in 2016. The improvements proved fruitful when the campground was awarded KOA's Campground of the Year again in 2017. New ownership of the campground took place in 2021 to continue the great legacy of the prior owners for the next many years. They expanded the store, added an all-beverage license, new staging lanes, and improved signage.

In 2022, we expanded guest entertainment and added a new guest experience by developing our "Bear Garden" with outdoor seating, fire pits, and yard games. Embedded among the flowered landscaped garden, we have converted a 1975 Airstream into our "Bearstream Bar" serving beer, wine, and cocktails. 2023 saw new patio sites, expanded landscaping, a new playground, expanded employee housing and more Jeff Fleming Bears.

The West Glacier KOA Resort has received KOA Founder's and President's awards for meeting exceptional quality standards and achieving world-class camper ratings every year.

WHATS NEW FOR 2025

This year we continue our commitment to enhancing our property and guest experience by adding a number of fantastic upgrades.

FIBER INTERNET AND WIFI SYSTEM

It has been an ongoing challenge to get fast, reliable internet connection to our remote corner of Northwest Montana but it is finally here! For many years we operated using a microwave antenna system, but this year for the first time, we have fiber internet connection. To handle our new fiber, we are upgrading our entire WiFi system and infrastructure.

MORE UPGRADES

Outdoor Saunas were added to enhance the adult pool area. We have made renovations to the laundry-room bathhouse and added an outdoor sink for our main tent area. Newlodging, we are adding 5 new Sky Deck Lodges. New dog wash station behind the expansion bathhouse. New patio sites. New water bottle fill station at the retail store. Sewer improvements

Kampgrounds of America (KOA) is the world's largest system of privately held campgrounds with more than 500 locations across USA and Canada. Founded in 1962 in Billings, MT, KOA has been a Montana company for more than six decades.
