Phil's Hideaway
SAN ANGELO
Guest Services Guide

This historic spot between the Hill Country and the rolling plains started as a military outpost, Fort Concho, to protect the settlers as they moved West after the Civil War. The lawless town of "Santa Angela" cropped up across the river. Today's contemporary attractions include boating and water sports on Lake Nasworthy (less than a mile from the park), the planetarium at Angelo State University and the beautiful river walk through town.
