Washington State Parks

Lake Wenatchee State Park

Lake Wenatchee State Park is nestled into one of Washington's most unspoiled and scenic recreation areas. The 489-acre park includes 12,623 feet of waterfront on Lake Wenatchee and the Wenatchee River. The park offers year-round recreational opportunities. Swimming, boating, windsurfing, fishing and hiking are popular summer activities; winter brings up to four feet of snow and miles of groomed cross-country ski trails, snowshoe trails and a sledding hill. Any time of the year visitors may observe abundant plant and animal life in and around the park. Wenatchee is a Native American name that means "great opening out of the mountain" or "river issuing from canyon".

Location

Near Highway 2, northwest of Wenatchee and Leavenworth.

Open year round.
