POOL

A lifeguard or other responsible person does not supervise the swimming facilities at Brennans Bay RV Park & Marina. In place of on-site supervision, this facility has established a series of safeguards to be followed by all guests. Please read the safety rules located at the entrance of the facility. If you have any questions, we will be happy to discuss them with you.

We are required to notify you of these rules, to ensure that water rescue equipment is at the pool and that the swimming area is maintained in a sanitary manner. If you notice any problem with the water quality or absence of water rescue equipment, please notify us at once. Safety is a joint responsibility. Your safety is important to us. Pool rules are posted and will be strictly enforced.
