GUIDELINES FOR EVERYONE'S SAFETY & ENJOYMENT

Please review the following guidelines with members of your party so that everyone has a safe and fun stay at our campground.

- **Please drive slowly; speed limit is 5 mph.** This includes bikes and golf carts.
- **No parking on the grass.** Park vehicles that do not fit on the gravel in a visitor parking lot.
- **Never move fire rings from their original location.** Fires must be contained within the provided fire ring and kept at a reasonable size, no bonfires.
- **Quiet hours: 11pm-8am.** Please be courteous to your neighbors at all times. Loud music, barking dogs, and other distractions disturb other guests.
- **Playground closes at dark.**
- **Our guests may have visitors between 9am to 9pm.** A fee is charged per person. Visitors must register upon arrival. Unregistered visitors will be asked to leave.
- **Swimming pool is open 10am to _____.** Anyone **under the age of 13** must have an adult inside the gate with them. Please observe all posted pool rules.
- **Sewer connections must have a threaded connector or a sewer gasket.**
- **No cutting firewood.**
- **Golf carts must be insured and operated by licensed drivers 16 and older.**
- **No smoking is permitted in any of our buildings, rentals, or in the pool area.**
- **Gas scooters, dirt bikes, ATVs, and UTVs are not permitted.**
- **Use of generators is prohibited.**
- **Fireworks and openly carried firearms are prohibited.**
- **Washing vehicles or RVs is not permitted.**

TROUBLESHOOTING CAMPER CABLE TV ISSUES

1. Make sure that all connections are secure and hooked up properly. On some campers, there are two ports outside the camper, one for cable and one for satellite.
2. Most RVs, especially 2000 models or later, will have an antenna booster. This will be a small button with a green light on a switch plate located close to the cable outlet inside the camper. Verify that the light is turned OFF.
3. Turn on your TV and go to the set-up menu. There should be a category called "Channel set-up" or something similar.
4. A few options will appear; you will want to choose the "Auto Scan"option and make sure it is set to scan for cable, not air. This will take a few minutes.
5. You should have found 52 channels.
6. If this did not work, go to the "Input" option.
7. Verify you are set on "TV." If it is set on DTV, HDMI, AV, or any other option, set to TV and restart the process.
8. Only TVs with a digital QAM tuner will be able to view the digital lineup. If a TV does not have an embedded QAM tuner or is enabled with an external QAM tuner, you will not be able to view our cable but should be able to get Cincinnati and Dayton local channels using your antenna.

"10" & ★★★★★

That's what we hope you'll rate our KOA on surveys after you leave. If at any time during your stay you do not believe we are earning a "10," please allow us the opportunity to correct the situation. Simply call 513-932-7717, stop by our Registration Desk or ask any Staff Member wearing yellow. They will be happy to handle your request.

Thank you for choosing to stay at ***The Lebanon/Cincinnati NE KOA Holiday!***
