Welcome to Lake Casitas Recreation Area

Lake Casitas is managed by the Casitas Municipal Water District and provides drinking water for more than 50,000 people. Our facility offers fishing, boating, camping, picnicking, and hosts various special events throughout the year. Lake Casitas was proud to host the 1984 Olympic canoeing and rowing events. Lake Casitas is one of the premier fishing lakes in the region and is known for its "world class" bass fishing. In addition to largemouth bass, the lake is filled with rainbow trout, crappie, red-ear perch and channel catfish.
